(ii) pay a pension at such frequency as the member may decide and of such amount as shall be determined by Actuarial Advice; and

(iii) in lieu of either (i) or (ii) pay a lump sum equivalent to the total balance due to the member except for that element of the fund which has been transferred to the Scheme under QROPS status from the UK. In which case 70% of the fund must be used to provide a pension income or may result in the loss of QROPS status.

Save that no payment shall be made if that payment is in contravention of the Income Tax Act, any Guidance Notes issued by the CIT or any other legislation in force at the time of payment which is applicable to such payments.

The Trustees will have power to declare in respect of any sum or part thereof such separate trusts, terms and limitations including maintenance, education, advancement and accumulation of income during a minority, and including such discretionary trust and powers, as the Trustees will from time to time by deed revocable or irrevocable appoint, but without infringing the Rule against perpetuities, and the Trustees will have power to appoint as trustees of such fund any two individuals or one corporate trustee as the Trustees will in their absolute discretion decide and to remove any of such Trustees and appoint any other trustee in place of any one so removed.
